Dundalk Institute of Technology

- Classification: 1.1 honours
- Key Modules include: Cloud architecture, AWS, azure, Github CI/CD

Bsc in Computing (Honours) (QQI Level 7) 09/2021 - 06/2024
Dundalk Institute of Technology

- Classification: 1.1 honours
- Key Modules include: data structures, algorithms, web development, software architecture, software testing, API

KEY PROJECTS

- **Gossip (whatsapp clone):** A whatsapp clone built during the level 7 course, it covers important features like chatting, sending images and group chats. The clone is a web app built on java, css, javascript and mySQL as database
- **Inventory management system:** A web application designed to manage the flow of inventory with industrial features matching the SAP. The web app uses Laravel, a PHP framework alongside mySQL as a database.
- **CardCeption game:** Built a memory-based game using MonoGame Framework in C#, enhancing gameplay performance and visual design.
- **Convert Youtube Playlist to MP3:** Created a Python application that automates the download and conversion of YouTube playlists into MP3 format.
- **Laravel Cloud Hosting:** Deployed a Laravel-based application to Microsoft Azure virtual machines, applying cloud hosting and server management skills.
- **React, ExpressJS, Postgres:** Created a blog website expressJS and postgres. Designed interfaces with modular components using react.

RELEVANT INDUSTRY EXPERIENCE

Web Developer

06/2024 – 08/2024

PT Diamond International Indah (Surabaya, Indonesia)

- Assigned to be a web developer at a startup company to create an inventory management system
- The system runs on php and mysql and has industrial features of an ERP software (invoice, payments, customers, products)
- Worked and consulted with professionals and accountants to implement business strategies like Cost of Goods Sold and deliver reports which can be downloaded in excel or pdf

VOLUNTARY EXPERIENCE

CoderDojo

10/2024 - Present

Dundalk Institute of Technology

- Effectively mentored young learners in coding and digital skills, adapting communication style to suit diverse age groups and learning levels, fostering an inclusive and engaging learning environment.
- Collaborated with fellow mentors and coordinators to deliver structured sessions, provide feedback, and support learners' progress, demonstrating clear, empathetic, and professional communication.

PROFESSIONAL DEVELOPEMENT & TRAINING

- Web Development Coding Bootcamp (Angela Yu via Udemy) 2025
- 100 days with python (Angela Yu via Udemy) 2021

KEY SKILLS & ACHIEVEMENTS

- Member of the ACM Chapter
- Completed Speechcraft course to enhance communication and teamwork skills.
- President prize of Bsc in computing level 7
