PROFILE

Highly motivated and detail-oriented Software & Web Developer with a **First Class Honours Degree (1.1) in Computing and Cloud Computing**. Skilled in full-stack development, cloud deployment, and database management, with proven experience delivering functional, user-focused applications. Adept at problem-solving, collaborating in team environments, and learning new technologies quickly.

TECHNICAL SKILLS

Programming	Java, C#, Python, JavaScript, CSS, SQL, Rest, NodeJS, React
Databases	MySQL, Postgres
Systems	Windows, Linux
Cloud	Azure, AWS (VM hosting, cloud architecture), CI/CD
Framework and Tools	Laravel, Blazor, Git/GitHub, MonoGame
Other	Powerpoint

WORK EXPERIENCE

Web Developer – PT Diamond Indah Internasional (June 2024 - August 2024)

Became a web developer intern at a company in Indonesia. Worked on a prototype version of the inventory management system that I later expanded on for my level 8 project.

EDUCATION

BSc in Cloud Computing – 1.1 Honours Degree (May 2025)

Dundalk Institute of Technology (Dundalk, Ireland)

- Focus: Cloud architecture, deployment, and infrastructure
- Final Year Project: 'Inventory Management System' – A system designed to manage inventory for small-medium enterprises using laravel, azure, html, css, js, sql.

BSc in Computing – 1.1 Honours Degree (May 2024)

Dundalk Institute of Technology (Dundalk, Ireland)

- Focus: Software development, algorithms, web development, and database management
- Final Year Project: 'Gossip' – A WhatsApp clone featuring real-time messaging, built as a capstone project using java, html, css, js, sql.

PROJECT EXPERIENCE

Warehouse Management System – Designed and developed a custom warehouse management platform to track stock, improve retrieval times, and streamline operations.

CardCeption Game – Built a memory-based game using MonoGame Framework in C#, enhancing gameplay performance and visual design.

Convert Youtube Playlist to MP3 – Created a Python application that automates the download and conversion of YouTube playlists into MP3 format.

Laravel Cloud Hosting – Deployed a Laravel-based application to Microsoft Azure virtual machines, applying cloud hosting and server management skills

VOLUNTARY EXPERIENCE

Mentor – Robocode Competition: Guided and supported over 50 students in debugging and problem-solving, fostering a collaborative learning environment.

Mentor – CoderDojo: Assisted children aged 7–15 in learning programming fundamentals through Scratch.

INTERESTS, ACHIEVEMENTS & AWARDS

- Member of the ACM Chapter
- Completed Speechcraft course to enhance communication and teamwork skills.
- Completed the coding bootcamp on udemy by Angela Yu
