PROFILE

Highly motivated and detail-oriented Software & Web Developer with a **First Class Honours Degree (1.1)** in Computing and Cloud Computing. Skilled in full-stack development, cloud deployment, and database management, with proven experience delivering functional, user-focused applications. Adept at problem-solving, collaborating in team environments, and learning new technologies quickly.

TECHNICAL SKILLS

Programming	Java, C#, Python, JavaScript, HTML, CSS, SQL
Databases	MySQL
Systems	Linux, Windows
Cloud	Microsoft Azure (VM hosting, cloud architecture), CI/CD
Framework and Tools	Laravel, Blazor, Git/GitHub, MonoGame
Other	API integration

EDUCATION

BSc in Cloud Computing – 1.1 Honours Degree (May 2025)

Dundalk Institute of Technology

- Focus: Cloud architecture, deployment, and infrastructure
- Final Year Project: 'Inventory Management System' – A system designed to manage inventory for small-medium enterprises

BSc in Computing – 1.1 Honours Degree (May 2024)

Dundalk Institute of Technology

- Focus: Software development, algorithms, web development, and database management
- Final Year Project: 'Gossip' – A WhatsApp clone featuring real-time messaging, built as a capstone project.

PROJECT EXPERIENCE

- **Warehouse Management System** – Designed and developed a custom warehouse management platform to track stock, improve retrieval times, and streamline operations.
- **CardCeption Game** – Built a memory-based game using MonoGame Framework in C#, enhancing gameplay performance and visual design.
- **Convert Youtube Playlist to MP3** – Created a Python application that automates the download and conversion of YouTube playlists into MP3 format.
- **NFT Preview Frontend** – Developed a responsive NFT preview web page as part of a frontend coding challenge.
- **Laravel Cloud Hosting** – Deployed a Laravel-based application to Microsoft Azure virtual machines, applying cloud hosting and server management skills

VOLUNTARY EXPERIENCE

- Mentor – Robocode Competition: Guided and supported over 50 students in debugging and problem-solving, fostering a collaborative learning environment.
- Mentor – CoderDojo: Assisted children aged 7–15 in learning programming fundamentals through Scratch.

INTERESTS, ACHIEVEMENTS & AWARDS

- Member of the ACM Chapter
- Completed Speechcraft course to enhance communication and teamwork skills.
